

DRIED

BANABA LEAF

No	Parameter	Details
1	Name	Banaba Leaf
2	Scientific Name	<i>Lagerstroemia speciosa</i>
3	HS CODE	1211.90.90.99
4	Price	CALL
5	Stok	CALL
6	MOQ	1 MT
7	Payment Term	20 % Advance (TT), 80 % LC At Sight

Physical Characteristics

- Form: Dried leaves; broad leaf structure
- Color: Green to yellowish-green

Chemical Composition

- Contains corosolic acid and ellagitannins; known for blood sugar regulation properties

Note: For detailed information on physical characteristics and chemical composition, we invite prospective buyers to conduct independent testing. You may visit our facility to observe the processes and collect samples for laboratory analysis, or we can send samples to you for further testing, with shipping costs borne by the buyer. Alternatively, you may engage SGS services at your own expense. Prospective buyers are also welcome to observe the quality control process in our warehouse through to the completion of stuffing.
